Overview

Cochin Shipyard was conceived of in the year 1969 when a team surveyed various locations in India before selecting Cochin for the launch of the first Greenfield Shipbuilding Yard in the country. The yard facilities in the first phase were completed by 1982. The yard was designed and constructed under technical collaboration with M/s. Mitsubishi Heavy Industries (M.H.I), Japan. Cochin Shipyard Limited (CSL) was incorporated in the year 1972 as a fully owned Government Company. After the IPO in 2017 the Government of India holds 75% of equity share capital in the Company.

In the last four decades CSL has emerged as a forerunner in the Indian Shipbuilding & Ship repair Industry and also a well-known player on the global shipbuilding front. CSL can build ships up to 1,10,000 DWT and repair ships upto 1,25,000 DWT. CSL has many a feather on its cap like it has delivered two of India's largest double hull Aframax tankers each of 95,000 DWT, has built various types of vessels including Tankers, Bulk Carriers, Port Crafts, Passenger Vessels etc. CSL has secured shipbuilding orders from internationally renowned companies and has exported 45 ships to various commercial clients outside India such as National Petroleum Construction Company (Abu Dhabi), the Clipper Group (Bahamas), Vroon Offshore (Netherlands) and SIGBA AS (Norway).
